## GESCHICHTE

Die Rasse wurde von Joseph B. Smith, einem Basset Hound Züchter und American Kennel Club (AKC) Richter geschaffen. Er wurde vom Cover des Wall Street Journals, auf dessen Vorderseite eine Munchkin abgebildet war, inspiriert. Er war ein Fan des Munchkin, aber fühlte, dass die unvermeidlichen langbeinigen Versionen von ähnlichen gemischten Rassen, die gewöhnlich in Tierheimen gesehen wurden, nicht zu unterscheiden waren. Smith entschied, dass etwas getan werden musste, um eine Katze einzigartig in beiden, kurzen und langbeinigen Versionen zu schaffen, etwas, das reinrassig aussah. Er wählte die persische Rassengruppe als Outcross zum Munchkin aus zwei Gründen: Schönheit und Knochenbau. Der ursprüngliche Napoleon-Standard wurde in diesem Sinne geschrieben.

Im Januar 2015 stimmte der Vorstand der TICA, den Namen der Rasse in Menuett zu ändern zu. Die Rasse-Gruppe wird immer noch als Napoleon von der Cat Fanciers Federation anerkannt.

## STANDARD (WCF)

### HEAD:

Shape: Round, broad, with well rounded contours when viewed from any angle. Cheeks moderately full, top head rounded but not domed. Ears: Medium with preference given to slightly smaller ears but not extreme. Rounded tips. Set wide apart.

Eyes: Large and round, wide open but not protruding. No brow ridge. Deep brilliant eye color is preferred which conforms to coat color.

Chin: Rounded and moderate Muzzle: Moderately short and broad with well rounded whisker pads. Nose: Moderately short, broad and with an obvious stop, but no break; not snub. Top of the nose leather should not come above the lower edge of the eye.

Profile: Gentle curve to a moderate stop

Neck: Head should blend into moderately short neck.

### BODY:

Torso: Semi-cobby, well rounded. Straight top-line preferred, slight rise from the shoulders to tail is acceptable. Legs: Short, well developed, firm musculature. Outer upper thigh boning and musculature may be thick and pronounced due to short legs. Inner leg straight with little to no bowing though slight bowing is acceptable.

Feet: Rounded and neat, tufts on longhairs.

Tail: In proportion to body length or longer, not short. Long hairs should be plumed and flowing

Boning: Medium to substantial. In front, legs should be short and straight from the breadth of the chest adding to sturdy appearance.

Musculature: Substantial, firm and noticeable on front legs.

### COAT/COLOR/PATTERN:

Length (MNT): Short. Dense but slightly longer than other shorthairs; standing away from body.

Length (MNL): Dense, full, allowing for seasonal variations.

Texture (MNT): Plush, double coat preferred, all weather, not lying flat.

Texture (MNL): Soft, slight undercoat gives the coat body but coat still falls smoothly. Not cottony. Possible curls on underbody.

### GENERAL DESCRIPTION:

The Minuet is a hybrid of the Persian Breed Group and the Munchkin Breed Group. The desired result is a cat that should be medium in size and strong, with noticeable boning and musculature. This cat should have a very open and round face with a sweet expression and large eyes that do not tear. The ideal Minuet is an active yet laid-back cat with a playful attitude.
